### The Anna Louise Inn Has Our Support

City Gospel Mission supports the mission of the Anna Louise Inn, which has provided safe and affordable housing for women for 102 years in its current location. Over the years City Gospel Mission has referred many women to the Anna Louise Inn. Permanent Supportive Housing for women in our city is desperately needed.

We appreciate that between 2005 -2009 Anna Louise Inn explored various options of how to make their programming more effective and efficient and determined that relocation was not viable financially. We commend Anna Louise Inn's determination to secure funding to remodel their historic location. The women need improved facilities.

The Lytle Park District has been an example for the city: a place where market rate housing, affordable housing and business have successfully thrived. This is a model that should be duplicated in the city: a place that is safe, a place that has jobs, a place where you are proud to call home. This is a model that makes our whole community better.

A handwritten signature in blue ink that reads "Roger Howell".
