

Resolved: That Christ Church Cathedral issue the following statement to media and community leaders:

As a neighbor of both Western Southern Co. and the Anna Louise Inn, Christ Church Cathedral regrets the conflict between them. Both neighbors have contributed greatly to our city. We think of each organization as a friend. But we join others in the urban faith community in supporting both the missions and the location of the Anna Louise Inn. We pray that both of these friends will end their litigation and find a way to exist side by side and in harmony for many years to come.
